

Vision Screening Start Up Kit Lion District A-16

The Start Up Kit gives you a letter to the principal, a pamphlet explaining the screening tests and permission form that the principal signs to go home to the parents once a screening date has been established.

It also provides the steps to prepare for the screening

1. Contact the vision Screening Chairman to book the equipment needed and the pamphlets needed. larrydoble@hotmail.com
2. The pamphlets and permission forms go to the parents about 2 weeks before the screening and are collected from the school a few days before the screening.
3. If the school requires a liability certificate from the Lions just inform the vision Screening Chairman of the screening date and school and he will email a certificate to the club

If the school requires a background check for the screeners the club sends the member to the police station with a letter on the club letterhead explaining the program. This is normally good for the first year and for the next 4 years the member signs a declaration sheet provided in the kit. Two pieces of ID are needed (one photo ID). Some forms can be done on line.
